the City of Corona, California. )

Application No. 15336.

BY THE COMMISSION:

O R D E R.

The Pacific Electric Railway Company, a corporation, filed the above entitled application with this Commission on the 22d day of January, 1929, asking for authority to abandon and remove 574 feet of single track on Third Street at the end of its Corona Line in the City of Corona, County of Riverside, California.

Applicant alleges that the track herein proposed to be abandoned has not been used since January, 1922, and is not needed by applicant in rendering service on its Corona Line; that the City of Corona plans to improve Third Street by installing oil macadam paving and if said track is not removed, applicant will be required to expend approximately Twenty-five Hundred (\$2500.00) Dollars in connection with the street improvement. The City of Corona has consented to the abandonment and removal of said track by Ordinance No. 436 dated December 26, 1928. It appears to the Commission that this is not a matter in which a public hearing is necessary and that the application should be granted, therefore

IT IS HEREBY ORDERED that permission and authority be and it is hereby granted to Pacific Electric Railway Company to abandon and remove 574 feet of single track at the end of its Corona Line in the City of Corona, County of Riverside, California, located on Third Street between Grand Boulevard and a point approximately 88 feet

east of the easterly line of Merrill Street as shown in yellow on blue print map CEE-11450-b attached to the application.

The Commission shall be notified within thirty (30) days thereafter of the completion of the removal of said track.

The authority herein granted shall lapse and become void unless exercised within one year from the date hereof.

The authority herein granted shall become effective on the date hereof.

Dated at San Francisco, California, this 4<sup>th</sup>  
day of February, 1929.
