

BEFORE THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of)
CALIFORNIA TRANSIT CO., a corporation,) Supplemental
for authority to change its route within) Application No.14320
the City of Sacramento.)

BY THE COMMISSION -

OPINION and ORDER
ON
SUPPLEMENTAL APPLICATION

ORIGINAL

In a supplemental application filed in the above entitled proceeding California Transit Co., a corporation, has asked for an order of the Commission authorizing it to re-route its automotive passenger stages within the City of Sacramento.

By Decision No.19544 of this Commission authority was granted petitioner to change its route within the City of Sacramento. Applicant changed the location of its depot in Sacramento and thereafter by informal authority changed its routing.

Applicant now desires to adopt as permanent the temporary routing, except that it desires to use L Street from Tenth Street to Thirty-First Street, (Alhambra Boulevard), instead of N Street as at present on its operation between Sacramento and Stockton, as indicated by a map annexed to the application herein and marked "Exhibit B". The re-routing has been approved by the authorities of the City of Sacramento.

Applicant states that the reason for desiring to adopt the L Street instead of the N Street route is that it is safer, being now protected against intersection accident hazards by reason of the creation by the city of boulevard stops on all streets intersecting L Street, and for the further reason that it does not, like N Street, have street car operations thereon.

No changes of tariffs, schedules or service will result from the re-routing, nor will any new territory be served.

We are of the opinion that this is a matter in which a public hearing is not necessary and that the application should be granted. Therefore,

IT IS HEREBY ORDERED that the application of California Transit Co., a corporation, for authority to re-route its stages in the City of Sacramento over and along the following streets be and it is hereby granted -

From Stage Depot of California Transit Co. out
L Street to Alhambra Boulevard, south on
Alhambra Boulevard to Stockton Boulevard, to
City limits.

Dated at San Francisco, California, this 19th day of
April, 1929.
