

DECISION NO. 21104

BEFORE THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA

In the matter of the application of)	
Pacific Electric Railway Company for)	
authority to remove freight platform)	Application No.15553
at New York Avenue Station, on its)	
Santa Ana Line.)	

BY THE COMMISSION:

ORIGINAL

ORDER

Pacific Electric Railway Company, a corporation, has filed with the Commission an application for an order authorizing the abandonment and removal of a freight platform at New York Avenue non-agency station on its Santa Ana Line in Los Angeles County, and shown in yellow on a blue-print map (C.E.H.10704-6) attached to and forming a portion of the application.

Applicant alleges that no less than carload shipments have been handled at the non-agency station of New York Avenue during the annual period ending March 31, 1929; and that, in the opinion of applicant, the continued maintenance of the freight platform is not necessary for the business of the applicant or for the public. The California Farm Bureau Federation has signified by letter that it has no objection to the abandonment of said freight platform.

It appears to the Commission that this is not a matter in which a public hearing is necessary and that the application should be granted, therefore,

IT IS HEREBY ORDERED that permission and authority be and it is hereby granted to Pacific Electric Railway Company, a corpora-

tion, to abandon and remove a freight platform at New York Avenue non-agency station on its Santa Ana Line in Los Angeles County as shown in yellow on blue print map (C.E.H.10704-6) attached to the application.

The authority herein granted shall become effective on the date hereof.

Dated at San Francisco, California, this 16th day of May, 1929.
