) Application

No.14760

This is an application by Southern Pacific Motor Transport Company, supplemental to the above entitled proceeding, in which applicant seeks an order of the Commission authorizing it to operate its service in the communities of Suisun, Cordelia, Vallejo and Napa not only to the Southern Pacific Railroad depots as authorized by Decision No.21194 but also the depots of California Transit Co., an automotive passenger stage line serving said communities.

OPINION and ORDER on SUPPLEMENTAL APPLICATION

The authority sought will not result in any fare or schedule changes. It will greatly facilitate the transfer of interline passengers and in addition make unnecessary a duplication of service between the rail depots or stations of applicant and the stations of California Transit Co. Both companies are jointly controlled, and attached to the application herein is a joint letter from California Transit Co. and Southern Pacific Company (rail) advising that they will not oppose the proposed change.

XX

Under the circumstances we are of the opinion that this is a matter in which a public hearing is not necessary and that the application should be granted. Therefore,

IT IS HEREBY ORDERED that Southern Pacific Motor Transport Company be and it is hereby authorized to give, in addition to the service it is now performing to the depots of Southern Pacific rail company in the communities of Vallejo, Napa, Suisun and Cordelia, service to the depots or stations of California Transit Co., in said communities; provided, that the authority herein granted shall not be considered as a separate or additional operating right, nor as an enlargement of the right granted by Decision No.21194.

Dated at San Francisco, California, this 1/2 day of October, 1929.
