

ORIGINAL

Decision No. 21967 .

BEFORE THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA.

In the matter of the application of the SOUTHERN PACIFIC COMPANY for an order authorizing the abandonment and removal of a passenger shelter shed at non-agency station of Boyes Springs in Sonoma County, California.

Application No. 16178.

BY THE COMMISSION:

O R D E R

Southern Pacific Company, a corporation, has filed with this Commission an application for an order authorizing the abandonment and removal of a passenger shelter, shed at its non-agency station of Boyes Springs on its Santa Rosa Branch in Sonoma County, and shown in yellow on a blue-print map attached to and forming a portion of the application.

Applicant alleges that it no longer operates passenger trains on its Santa Rosa Branch so that passenger shelter shed at Boyes Springs is not now required nor likely to be required in the future.

It appears to the Commission that this is not a matter in which a public hearing is necessary and that the application should be granted, therefore,

IT IS HEREBY ORDERED that permission and authority be and it is hereby granted to Southern Pacific Company, a corporation, to abandon and remove its passenger shelter shed at the non-agency station of Boyes Springs, located on the Santa Rosa Branch of its

Western Division in Sonoma County as shown in yellow on the map attached to the application; provided, however, that no other facilities will be removed from said station of Boyes Springs.

The authority herein granted shall become effective on the date hereof.

Dated at San Francisco, California, this 28<sup>th</sup> day of December, 1929.
