

Decision No. 22162.

BEFORE THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA.

In the Matter of the Application of San Francisco, Napa and Calistoga Railway for permission to consolidate the passenger train stops of Flosden and Mini, both in Solano County, California.

Application No. 16017.

BY THE COMMISSION:

O R D E R

ORIGINAL

San Francisco, Napa and Calistoga Railway, a corporation, has filed with the Commission an application for an order authorizing the consolidation of the passenger train stops of Flosden and Mini on its Main Line in Solano County.

Applicant alleges that distance between said passenger stops is 2510 feet; that activities about said stop of Flosden have been abandoned; that the moving of Flosden stop to a point 850 feet north to north end of siding and eliminating the passenger stop at Mini are justified in view of changed conditions, and that the moving to the north of said stop of Flosden will permit a more reliable performance of the wigwag signal installed at the Sears Point Highway grade crossing.

The California Farm Bureau Federation, the Board of Supervisors of Solano County and certain interested residents of the district have signified by letter that they have no objection to the granting of this application.

It appears to the Commission that this is not a matter in which a public hearing is necessary and that the application

should be granted, therefore,

IT IS HEREBY ORDERED that permission and authority be and it is hereby granted to San Francisco, Napa and Calistoga Railway to move its passenger stop of Flosden from its present location to a location eight hundred and fifty (850) feet north thereof and to abandon its passenger stop of Mini, located on the Main Line in the County of Solano, and to eliminate said Mini passenger stop name from its station records, and to cancel in conformity with the rules of this Commission all rate tariffs and time schedules applying at said Mini passenger stop, provided, however, that the public will be given notice of said change in said passenger stops for at least five (5) days prior thereto, by posting notices at said passenger stops of Flosden and Mini.

The authority herein granted shall become effective on the date hereof.

Dated at San Francisco, California, this 21st day of January, 1930.
