BY THE COMMISSION:

SECOND SUPPLEMENTAL OPINION AND ORDER

Southern California Gas Company was granted authority to exercise certain franchise rights in the communities of Lancaster and Palmdale, subject to certain conditions set forth in the Railroad Commission's Decision No. 22640, dated July 9, 1930.

Southern California Gas Company now advises that they have not received their copy of the franchise, or executed any contracts for the purchase of liquid gas, therefore they will be unable to comply with the requirements specified in Sections 1, 5 and 6 of the special conditions in the order, which necessitate that the company file on or before August 31, 1930, a certified copy of the franchise, copies of contracts for purchase of liquid gas and stipulation of the Board of Directors of the company

agreeing to produce and present to the Railroad Commission, upon request, all details that make up the costs or revenue, including a breakdown of the production costs which make up the contract price for the purchase of liquid gas.

In view of the above facts, it appears advisable that Southern California Gas Company be granted an extension of time in order to comply with Sections 1, 5 and 6 of the special conditions set forth in Decision No. 22640.

ORDER

Southern California Gas Company having asked permission for an extension of time within which to comply with that portion of Decision No. 22640, relative to filing a certified copy of their franchise, copies of contracts for the purchase of liquid gas and stipulation of the Board of Directors of the company pertaining to the breakdown of the costs of supplying liquid gas in the communities of Lancaster and Palmdale, as set forth in Sections 1, 5 and 6 of the special conditions,
