Case No. 2734.

BY THE COMMISSION: .

SECOND SUPPLEMENTAL OPINION AND ORDER.

In Decisions No. 22032, dated January 15, 1930, and
 No. 22083, dated February 3, 1930, this Commission ordered that,
 upon the completion and putting into service of its second or
 so-called "Valley Line," Pacific Gas and Electric Company should
 institute the service of straight natural gas in its San Fran-
 cisco, East Bay, and San Jose Divisions, and that when such
 service had been instituted, said company should withdraw and

cancel its then present Schedules G-1, G-2, G-4, G-9, and G-12 and file with this Commission in lieu thereof certain superseding Schedules G-1-N, G-2-N, and G-19-N.

In Decisions No. 22032 and No. 22083, no authorization was given applicant to amortize and write off such unusual and extraordinary expenses as shall be incurred in the substitution of natural gas service for the then present artificial gas service in the territory involved. It is deemed reasonable that such authorization should be given.
