Original and Amended.

BY THE COMMISSION:

NINTH SUPPLEMENTAL ORDER

In its Decision No. 22564, dated June 23, 1930, this Commission made its order granting certain certification and authorization to Natural Gas Corporation of California, subject to certain conditions, among which were the following:

- (2) That Natural Gas Corporation of California shall file with this Commission on or before July 31, 1930, certified copies of the franchises necessary for the rendering of the proposed gas service in the communities of Suisun, Fairfield, Vacaville, Rio Vista, Isleton, Winters, Corning, Orland, Maxwell, Williams and Arbuckle.
- (3) That Natural Gas Corporation of California shall file with this Commission, on or before July 31, 1930, a stipulation, duly executed upon authority of its Board of Directors, that applicant, its successors or assigns, will never claim before the Railroad Commission or any other body or court, a value for such franchises in excess of the actual cost thereof.

Also in its Decision No. 22805, dated August 23, 1930, this Commission made its order granting certain certification and authori-

zation to Natural Gas Corporation of California, subject to certain conditions, among which were the following:

- (1) That Natural Gas Corporation of California shall file with this Commission, on or before October 31, 1930, certified copies of the franchises necessary for the rendering of the proposed gas service in the communities hereinbefore named.
- (2) That Natural Gas Corporation of California shall file with this Commission, on or before October 31, 1930, a stipulation, duly executed upon authority of its Board of Directors, that applicant, its successors or assigns, will never claim before the Railroad Commission or any other body or court, a value for such franchises in excess of the actual cost thereof.

The time limit for compliance with Conditions Nos. (2) and (3) of Decision No. 22564 and Conditions (1) and (2) of Decision No. 22805 was extended to March 1, 1931 by this Commission's Decision No. 23248, dated January 6, 1931.

One of the communities referred to in Condition (1) of Decision No. 22805 is the unincorporated town of Ione in the County of Amador.

Natural Gas Corporation of California now advises that it is unable to file certified copies of franchises for the Town of Orland and the County of Amador (in order to serve the unincorporated Town of Ione) together with stipulations authorized by its Board of Directors, regarding values of such franchises, for the reason that said Town of Orland and County of Amador have not as yet granted said franchises.

WHEREFORE, the Commission is requested to extend the time within which to comply with conditions referred to above to thirty (30) days after said franchises have been granted. It appears reasonable that Natural Gas Corporation of California should be granted additional time for the purpose of complying with the

above conditions, in so far as the Town of Orland and County of Amador are concerned, therefore

IT IS HEREBY ORDERED that the time limit of compliance with Conditions Nos (2) and (3) of Decision No. 22564, dated June 23, 1930, with respect to the Town of Orland, and Conditions Nos. (1) and (2) of Decision No. 22805, dated August 23, 1930, with respect to the County of Amador, be and the same is hereby extended to September 1, 1931.

In all other respects this Commission's Decision No. 22564, dated June 23, 1930, and Decision No. 22805, dated August 23, 1930, in this matter shall remain in full force and effect.

Dated at San Francisco, California, this 11<sup>th</sup> day of March, 1931.
