Application No. 17775.

BY THE COMMISSION:

ORDER

The Board of Supervisors of the County of Plumas, State of California, on November 10th, 1931, applied for authority to construct a public road at grade across the track known as Clover Valley Ice Company's spur of The Western Pacific Railroad Company, in the vicinity of Beckwith's Trading Post, in said County. - (2) The entire expense of constructing the crossing shall be borne by applicant. The cost of maintenance of that portion of said crossing outside of lines two (2) feet outside of the outside rails shall be borne by applicant. The maintenance of that portion of the crossing between lines two (2) feet outside of the outside rails shall be borne by The Western Pacific Railroad Company.
- (3) The crossing shall be constructed of a width of not less than twenty-four (24) feet and at an angle with the railroad as shown in Exhibit "A" attached to the application, and with grades of approach not greater than three (3) per cent; shall be constructed equal or superior to type shown as Standard No. 2 in our General Order No. 72; shall be protected by a Standard No. 1 crossing sign, as specified in our General Order No. 75, and shall in every way be made suitable for the passage thereon of vehicles and other road traffic.
- (4) Applicant shall, within thirty (30) days thereafter, notify this Commission, in writing, of the completion of the installation of said crossing and of its compliance with the conditions hereof.
- (5) The authorization herein granted shall lapse and become void if not exercised within one (1) year from the date hereof unless further time is granted by subsequent order.
- (6) The Commission reserves the right to make such further orders, relative to the location, construction, operation, maintenance and protection of said crossing, as to it
