

Decision No. 25211 .

BEFORE THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA.

In the Matter of the Application of
SOUTHERN PACIFIC COMPANY for author-
ity to close the seasonal agency at
Asilomar Station, County of Monterey,
State of California.

) Application No. 18345.

ORIGINAL

BY THE COMMISSION:

O R D E R

Southern Pacific Company has filed the above entitled application, requesting authority to close its agency at Asilomar, Monterey County.

It appears that applicant now maintains an agent at this point from June 15th to August 31st, inclusive, of each year; that there was no freight forwarded or received at said station during the two-year period ending June 30th, 1932; and that the number of passenger tickets sold at this station during the period an agency has been maintained is not sufficient to warrant the services of an agent.

This is not a matter in which a public hearing is necessary and it is the opinion of the Commission that the application should be granted, therefore

IT IS HEREBY ORDERED that Southern Pacific Company is hereby authorized to close its agency at Asilomar, Monterey County, and to change its station records and tariffs accordingly; provided that applicant shall continue to maintain said station as a non-agency station, and shall

make available to the patrons of all passenger trains out of said station any passenger rates which would be available in the event an agent were maintained at Asilomar.

The effective date of this order shall be the date hereof.

Dated at San Francisco, California, this 26¹²⁹ day of September, 1932.
