**ORIGINAL**

O P I N I O N

Safety Lines System, a corporation, has petitioned the Railroad Commission for an order authorizing the issuance of a Motor Carrier Transportation Agent's license to sell tickets at its main office in San Francisco and at four branch offices in the State of California.

Public hearings on this application were conducted by Examiner Handford at San Francisco, the matter was duly submitted and is now ready for decision.

At the hearings on this application, evidence was presented by witnesses for protestants that applicant was not a proper party to receive a license as herein sought and as contemplated by the provisions of Chapter 638, Laws of 1931.

Since this matter was submitted, the Madison Insurance Company has, by written advice, notified the Commission that it desires to be relieved from liability as surety under the bond filed in this proceeding as required by the statutory law.

It is our opinion based on the record and evidence in this proceeding that the application should be denied.

O R D E R

Public hearings having been held in the above-entitled proceeding, the matter having been duly submitted, the Commission being now fully advised and basing its decision on the opinion preceding this order,

IT IS HEREBY ORDERED that this application be and the same hereby is denied.

Dated at San Francisco, California, this 14<sup>th</sup> day of February, 1933.
