Decision No. 1149

BEFORE THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA.

A. C. Denman, Jr. et al.

Complainants,

vs.

West Coast Gas Company,

Defendant.

Case No. 469

R. E. Sackett, for defendant

E. H. Branwell, for complainant

EDGERTON, Commissioner.

O P I N I O N

This is a complaint by A. C. Denman, Jr. against the West Coast Gas Company, complaining against the service of gas by said company in the City of Newport Beach, in the same particulars as are set out in Case No. 481- the City of Huntington Beach vs. West Coast Gas Company.

As the bad service complained of herein was caused by the inadequacy of the generating plant of said company and as an order has this day been made in said Case No. 481 correcting the bad conditions at said generating company, it is unnecessary to make an order in this case. Therefore, I recommend that this case be dismissed, and submit herewith the following form of order:

O R D E R

Complaint having been made by A. C. Denman, Jr. against the West Coast Gas Company alleging that said company was furnishing an inadequate and inefficient gas service to the citizens

of Newport Beach, and a public hearing having been held thereon, and it appearing to the Commission that the matters complained of herein have been fully covered in the order made in Case No. 461, this complaint is hereby dismissed.

The foregoing opinion and order are hereby approved and ordered filed as the opinion and order of the Railroad Commission of the State of California.

Dated at San Francisco, California, this 20th day of December, 1913.

H. B. Lovland

Clifford A. Gordon

Max Thelen

Edwin Q. Egerton

Commissioners.
