Decision No. 1802

In the Matter of the Application
of SOUTHERN COUNTIES GAS COMPANY
OF CALIFORNIA for a certificate
declaring that public convenience
and necessity require the exercise
of franchise rights granted by the
City of Orange.

Application No. 1307

BY THE COMMISSION:

ORDER.

SOUTHERN COUNTIES GAS COMPANY OF CALIFORNIA having applied to this Commission for a certificate declaring that public convenience and necessity require the exercise of the rights and privileges granted to applicant by the Board of Trustees of the city of Orange, Orange County, California, in Ordinance No. 87 adopted and approved on May 13, 1912, by which ordinance applicant is given the right, upon certain conditions, to construct and operate a gas distributing system within said city of Orange, and the Commission being of the opinion that this is not a case in which a public hearing is necessary and that the application should be granted,--

IT IS HEREBY DECLARED that public convenience and necessity require the exercise by applicant of the rights and privileges granted to it by the Board of Trustees of the city of Orange in Ordinance No. 87. It being understood, however, that this order in no way waives, in favor of the city of Orange, any of the powers of control over applicant now possessed by this Commission.

By order of the Railroad Commission.

Dated at San Francisco, California, this 17th
day of September, 1914.
