Application No. 1818.

Decision No. 2676

By the Commission,

ORDER.

SOUTHERN PACIFIC COMPANY, a corporation, having on August 2, 1915, filed with the Commission an application for permission to construct its spur track at grade across Sixth Street, in the town of Armona, Kings County, California, as hereinafter indicated, and it appearing to the Commission that this is not a case in which a public hearing is necessary; that said crossing does not lie within the limits of an incorporated town or city, hence no franchise for its construction is necessary, and it further appearing that it is not reasonable nor practicable to avoid a grade crossing with said Sixth Street, and that the application should be granted subject to the conditions hereinafter specified,

IT IS HEREBY ORDERED, that permission be hereby granted Southern Pacific Company to construct its spur track at grade across Sixth Street, in the City of Armona, Kings County, California, on the south side of its main line track, as shown by the map attached to the application; said spur track to be constructed subject to the following conditions, viz.:-

- (1) The entire expense of constructing the crossing, together with the cost of its maintenance thereafter in good and first-class condition for the safe and convenient use of the public shall be borne by applicant.

(2) Said crossing shall be constructed of a width and type of construction to conform to that portion of Sixth Street now graded; shall be protected by a suitable crossing sign, and shall in every way be made safe for the passage thereover of vehicles and other road traffic.

(3) The Commission reserves the right to make such further orders relative to the location, construction, operation, maintenance and protection of said crossing as to it may seem right and proper, and to revoke its permission if, in its judgment, the public convenience and necessity demand such action.
