ORIGINAL

Application No. 1911.

By the Commission,

ORDER

PACIFIC ELECTRIC RAILWAY COMPANY, a corporation,  
having on October 13, 1915, filed with the Commission an applica-  
tion for permission to construct two spur tracks at grade across  
Third Street and Belle Avenue, in the City of Corona, Riverside  
County, California, as hereinafter indicated, and it appearing  
to the Commission that this is not a case in which a public hearing  
is necessary; that applicant has secured the necessary franchise  
or permit from the Board of Trustees of the City of Corona,  
granting permission for the construction of these crossings at  
grade, and it further appearing that it is not reasonable nor  
practicable to avoid grade crossings with said streets, and that  
this application should be granted, subject to the conditions  
hereinafter specified,

IT IS HEREBY ORDERED, That permission be hereby granted  
Pacific Electric Railway Company to construct two spur tracks at  
grade across Third Street and Belle Avenue, in the City of Corona,  
Riverside County, California, on the south side of its main line  
track, as shown by the map accompanying application, subject to  
the following conditions, viz.:-

- (1) The entire expense of constructing the crossings, together  
with the cost of their maintenance thereafter in good and first-  
class condition for the safe and convenient use of the public shall  
be borne by applicant.

(2) Said crossings shall be constructed of a width and type of construction to conform to those portions of Third Street and Belle Avenue now graded, with grades of approach not exceeding four (4) per cent; shall be protected by a suitable crossing sign, and shall in every way be safe for the passage thereover of vehicles and other road traffic.

(3) The Commission reserves the right to make such further orders relative to the location, construction, operation, maintenance and protection of said crossings as to it may seem right and proper, and to revoke its permission if, in its judgment, the public convenience and necessity demand such action.

Dated at San Francisco, California, this 22<sup>nd</sup> day of October, 1915.
