Application No. 2352.

J. H. Powell for applicant.
S. O. McFadden, City Attorney,
for City of San Gabriel.

BY THE COMMISSION:

O P I N I O N.

Applicant seeks a certificate that public convenience and necessity require the exercise of its franchise rights to serve gas in the City of San Gabriel, Los Angeles County.

Applicant has a franchise from the City of San Gabriel contained in ordinance No. 96, adopted June 6, 1916, granting to it the right, privilege and franchise to construct and maintain for forty years a system of gas pipes and pipe lines under and along public streets, avenues, alleys, thoroughfares and other public places in the City of San Gabriel, or in territory that may hereafter be annexed thereto. It proposes to serve gas to the inhabitants of San Gabriel at the rates now charged by it for gas served to the

inhabitants of the City of Los Angeles, on a basis of 68¢ per thousand cubic feet.

Applicant began serving gas in said territory (then unincorporated) the latter part of 1911, and now serves between 230 and 240 consumers located on mains between six and seven miles long. The families served constitute a majority of the families in the City of San Gabriel, which was incorporated in 1913. Applicant is the only utility rendering a like service in the vicinity.

O R D E R.

LOS ANGELES GAS AND ELECTRIC CORPORATION
having applied to the Railroad Commission for a certificate that public convenience and necessity require the exercise by it of certain franchise rights heretofore granted to it by the City of San Gabriel, and a public hearing having been held thereon,

IT IS HEREBY FOUND AS A FACT that public convenience and necessity require and will require the exercise by applicant of the right and privilege of laying gas pipes and gas mains in the streets, alleys, thoroughfares and public places of the City of San Gabriel.

THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA hereby declares that public convenience and necessity require the exercise by Los Angeles Gas and Electric Corporation of the rights and privileges conferred by ordinance number 96 of the City of San Gabriel, adopted June 6, 1916; provided that Los Angeles Gas and Electric Corporation shall first have filed with the Railroad Commission a stipulation

duly authorized by its board of directors, declaring that Los Angeles Gas and Electric Corporation, its successors and assigns, will never claim before the Railroad Commission or any court or other public body, a value for said rights and privileges in excess of the actual cost to Los Angeles Gas and Electric Corporation of acquiring said rights and privileges, which cost is to be stated in said stipulation, and shall have received from the Railroad Commission a supplemental order declaring that such stipulation, in form satisfactory to the Railroad Commission, has been filed with the Railroad Commission.
