Application No. 2301.

Decision No. 3679-

THELEN and DEVLIN, Commissioners.

O P I N I O N.

This is a petition for an order extending the time for compliance with the provisions of Chapter 499, Laws of 1911, as amended by Chapter 600, Laws of 1915, referring to the construction, reconstruction, maintenance and use of electric poles, wires, cables and appliances.

For a statement of the law governing proceedings of this character and of the principles guiding the Railroad Commission in its decisions therein, reference is hereby made to the decision this day rendered in Application No. 2222, Los Angeles Gas and Electric Corporation, et al.

Petitioner supplies electric energy for lighting purposes to the town of Quincy and to Plumas County Hospital.

On the effective date of Chapter 499, Laws of 1911, its system violated most of the provisions of the statute. An inspector sent by the Railroad Commission to examine this property reports that subsequent to the effective date of Chapter 499, Laws of 1911, approximately 50 per cent of the violations have been removed. Petitioner is engaged in the reconstruction of its entire system.

The principal violations still remaining affect the painting of cross-arms, the insulation of guy wires and horizontal and vertical clearances.

We recommend that an extension of time until December 31, 1916, should be granted to petitioner, on the conditions specified in the order herein.

We recommend the following form of order:

O R D E R.

QUINCY ELECTRIC LIGHT AND POWER COMPANY having applied for an order extending the time within which to comply with the provisions of Chapter 499, Laws of 1911, as amended by Chapter 600, Laws of 1915,

IT IS HEREBY ORDERED as follows:

1. The time within which petitioner herein shall reconstruct its existing system so as to comply completely with the provisions of Chapter 499, Laws of 1911, as amended by Chapter 600, Laws of 1915, is hereby extended to and including December 31, 1916.

2. Within 15 days subsequent to December 31, 1916, petitioner shall file with the Railroad Commission, on forms to be supplied by the Railroad Commission, a report showing, in such detail as will be prescribed by the Railroad Commission, petitioner's compliance with the provisions of Chapter 499, Laws of 1911, as amended by Chapter 600, Laws of 1915.

The foregoing opinion and order are hereby approved and ordered filed as the opinion and order of the Railroad Commission of the State of California.

Dated at San Francisco, California, this 26th day of September, 1916.
