of CITY OF PASADENA for an order)
extending time for compliance)
with Chapter 499, Laws of 1911,)
as amended by Chapter 600, Laws)
of 1915.)

Application No. 2436.

Division No. 3708

John Munger, City Attorney, for City of Pasadena.
J. Morgenthauer, H. G. Greene and C. W. McAlpin
for Electrical Workers.

THEBLEN and DEVLIN, Commissioners.

O P I N I O N.

This is a petition for an extension of time within which to comply with the provisions of Chapter 499, Laws of 1911, as amended by Chapter 600, Laws of 1915, referring to the construction, reconstruction, maintenance and use of electric poles, wires, cables and appliances.

A public hearing in this proceeding was held in Los Angeles on July 19, 1916.

For a statement of the law governing proceedings of this character and of the principles guiding the Railroad Commission in its decisions therein, reference is hereby made to the decision this day rendered in Application No. 2222, Los Angeles Gas and Electric Corporation, et al.

City of Pasadena owns and operates an electric production and distributing system in the City of Pasadena and in certain adjacent territory.

The petition herein alleges that approximately 65 per cent of petitioner's system complies with the provisions of the statute. The principal violations are in the matter of vertical clearances.

Southern California Edison Company also distributes electric energy in the City of Pasadena. In Application No. 2222,

the Railroad Commission is granting to Southern California Edison Company an extension until June 30, 1919. We believe that it would be equitable to grant a similar extension to the City of Pasadena.

After careful consideration of all the factors entering into the problem, we have reached the conclusion that an extension of time until June 30, 1919, should be granted to petitioner, under the conditions specified in the order herein.

We submit the following form of order:

O R D E R.

CITY OF PASADENA having applied for an order extending the time within which to comply with the provisions of Chapter 499, Laws of 1911, as amended by Chapter 600, Laws of 1915, and a public hearing having been held,

IT IS HEREBY ORDERED as follows:

1. The time within which petitioner shall reconstruct its existing system so as to comply completely with the provisions of Chapter 499, Laws of 1911, as amended by Chapter 600, Laws of 1915, is hereby extended to and including June 30, 1919, on condition that at least one-third of the reconstruction work necessary to be done shall be completed on or before June 30, 1917, at least two-thirds on or before June 30, 1918, and the entire work on or before June 30, 1919.

2. At the times herein directed, petitioner shall file with the Railroad Commission, on forms to be supplied by the Railroad Commission, progress reports showing, in such detail as will be prescribed by the Railroad Commission, the extent to which the necessary reconstruction work has been performed during the period covered by the report and also the extent to which reconstruction work remains to be done in order that the property

will comply with the provisions of Chapter 499, Laws of 1911, as amended by Chapter 600, Laws of 1915. The first report shall cover the period ending December 31, 1916, and shall be filed with the Railroad Commission within 15 days subsequent thereto. The succeeding reports shall cover the succeeding six-months' periods respectively, and shall be filed on or before the expiration of 15 days after the termination of each such succeeding period of six months.

The foregoing opinion and order are hereby approved and ordered filed as the opinion and order of the Railroad Commission of the State of California.

Dated at San Francisco, California, this 26th day of September, 1916.

Max Thelen

W. H. Loveland

Edwin C. Edgerton

Graun R. Derbin

Commissioners.
