San Francisco-Oakland Terminal Railways having applied to this Commission for a certificate that public convenience and necessity require the exercise of the rights and privileges granted to applicant by the City of Oakland, in its Resolution No. 5142 N. S., passed on April 3, 1913, by which resolution applicant is given permission, upon certain conditions, to construct, lay down and maintain a spur track over, along and upon a portion of Twenty-second Street and certain private property in the City of Oakland, and it appearing that the rights granted to applicant in this resolution are to be exercised in territory already served by applicant, and the Commission being of the opinion that this is not a case in which a public hearing is necessary,

IT IS HEREBY DECLARED That public convenience and necessity require the exercise by San Francisco-Oakland Terminal Railways of the rights and privileges granted to said company by the City of Oakland, in its Resolution No. 5142 N. S., passed April 3, 1913.
