ORDER

FRANK P. MCCARTY has petitioned the Railroad Commission for an order declaring that public convenience and necessity require the operation by him of an automobile stage line as a common carrier of passengers and baggage between Mokelumne Hill and Valley Springs and intermediate points.

Applicant proposes to charge fares in accordance with a schedule marked Exhibit "A" and filed with the application in this proceeding and to operate on a schedule of one round trip daily serving the intermediate community at Fosteria.

The equipment proposed to be used consists of a Ford Truck especially equipped and designed for carrying passengers and baggage and having a seating capacity of five passengers and a carrying capacity of two thousand pounds, licensed by State Motor Vehicle Department, License No. 445981.

As there is no other regular transportation service between Mokelumne Hill and Valley Springs, the Commission is of the opinion that this is not a matter in which a public hearing is necessary and that the application should be granted.

THE RAILROAD COMMISSION HEREBY DECLARES that public convenience and necessity require the operation by FRANK P. MCCARTY of an automobile stage line as a common carrier of passengers and baggage between Mokelumne Hill and Valley Springs and intermediate points; provided, however, that this declaration shall not become effective until said Frank P. McCarty shall have secured from the Railroad Commission a supplemental order herein reciting that said Frank P. McCarty has filed herein certified copy of permit issued by the Board of Supervisors of Calaveras County, issued in accordance with the provisions of Section 3 of Chapter 213, Laws of 1917; and provided further that the rights and privileges herein granted may not be assigned nor transferred unless the written consent of the Railroad Commission to such assignment or transfer has first been secured.

IT IS HEREBY ORDERED that no vehicle may be operated under this certificate unless such vehicle is owned by the applicant herein or is leased by such applicant under a contract or agreement on a basis satisfactory to the Railroad Commission.

Dated at San Francisco, California, this 1st day of October, 1918.
