ORDER DENYING PETITION FOR REHEARING

The Railroad Commission on August 1, 1919, made its Order (Decision No. 6539) in the above entitled proceeding, establishing a certain schedule of rates for domestic and municipal uses in the city of Watsonville. Thereafter, on August 20, 1919, the City of Watsonville filed a petition asking that a rehearing be granted and that if a rehearing be not granted, the order heretofore made be modified to the extent that the increased charges for municipal use be made effective as of July 1, 1920 instead of for the fiscal year 1919, in order to give the city a reasonable time to arrange its budget to provide for the increased charges.

Under date of September 29, 1919, a stipulation was filed with this Commission, signed by representatives of Watsonville Water & Light Company and the City of Watsonville, reducing the amount to be paid by the City to the Water Company during the fiscal year, and it appearing that nothing has been presented in the application for rehearing which this Commission has not considered in its decision heretofore rendered in this proceeding.

and provision having been made by the stipulation hereinabove referred to regarding the inability of the city to meet the charge established during the present fiscal year,

IT IS HEREBY ORDERED that the petition of the City of Watsonville for rehearing in the above entitled matter be and the same is hereby denied.

Dated at San Francisco, California, this 27th
day of October, 1919.
