Application No. 5809

BY THE COMMISSION.

O R D E R

Frank A. Guernsey Grain Company of Stockton having applied to the Railroad Commission for authority to increase warehouse rates at Avena on the Santa Fe Railway, and Atlanta on the Tidewater and Southern Railway in San Joaquin County; having shown by statements filed with the application that for the year ending May 31, 1920, net revenue resulted from the operation of applicant's warehouses as follows:

Avena	\$205.54
Atlanta	277.19;

having represented to the Commission that increases applied for, if authorized will be entirely absorbed by increased operating expenses;

And it appearing to the Commission that the rates proposed would bring applicant's schedule practically to the basis

of tariffs in effect at other warehouses in the same district; and it appearing further that a public hearing on this application is not necessary;

IT IS HEREBY ORDERED by the Railroad Commission of the State of California that Frank A. Guernsey Grain Company be, and the same is hereby, authorized to publish and file immediately and thereafter collect, additional charges for warehouse service at Avena and Atlanta as follows:

For delivering and loading to car or team,	25¢ " "
Minimum charge on Grain when piled,	\$1.00 " "
