Decision No. 2978

BEFORE THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA

In the matter of the application of) PACIFIC GAS AND ELECTRIC COMPANY, a) corporation, for an order of the Rail-) road Commission of the State of Calif-) ornia authorizing applicant to increase) its rates and charges for electric) energy.

Application No. 5567.

BY THE COMMISSION:

SECOND SUPPLEMENTAL ORDER

The Railroad Commission of the State of California finding after further consideration of the evidence in this proceeding and for good cause that the rate for electric cooking service heretofore fixed by Decision 7823 in Application 5567 should be modified as hereinafter set forth, and that the rate herein set forth is just and reasonable,

IT IS HEREBY ORDERED that Schedule No. C-1 as set forth in Decision 7823 be and the same is hereby modified to read as follows:

SCHEDULE C-1

(Cancels former P.G.& E.Co. Schedules Nos. 146, 152, 160, 191, in so far as they apply to this class of service.)

DOMESTIC COOKING AND HEATING SERVICE AND COMBINATION DOMESTIC SERVICE:

Applicable to domestic heating and cooking service and to domestic combination lighting, heating and cooking service.

TERRITORY:

Applicable to entire territory formerly served by Pacific Gas and Electric Company.

RATE:

a. Heating and Cooking Service:

First 180 k.w.h. per meter per month 3.5ϕ per k.w.h. All over 180 " " " " " 2 ϕ " "

b. <u>Combination Lighting, Cooking and Heating Service:</u> (Applicable only to residences, flate and apartments of eight rooms or less.)

First 30 k.w.h. per meter per month (X) per k.w.h. - **17** Next 150 17 11 3.5¢ 17 All over 180 17 -----17 2¢ 11 77 (X) Top Block of Residence Lighting Rate Applicable.

MINIMUM CHARGE:

75¢ per kilowatt of active connected load per month but not less than \$3.00 per month.

SPECIAL CONDITIONS:

1. This schedule applies only where consumers have installed and use cooking and heating appliances other than lamp socket devices of at least 2 kilowatts capacity.

2. Bath rooms, halls and cellars are not classified

as active rooms.

3. The active connected cooking, heating and power load shall be taken as 100 percent of the first 2 kilowatts installed and 50 percent of the connected load installed in excess of 2 kilowatts, computed to the nearest one-tenth of a kilowatt, but is never to be taken as less than 2 kilowatte. Motors and instantaneous water heaters will be rated as 100 percent active connected load. Motors aggregating not more than 5 horsepower, and not in excess of the total connected load of heating and cooking appliances, may be included on this rate and will be rated at 1 kilowatt for each horsepower of output rating. Where the connected load is so arranged that all of it cannot be connected at one time, only the maximum load that can be connected will be used as a basis for the active load. All equipment will be assumed as operating at 100 percent power factor. 4. Combination service is not rendered for residences of over eight rooms.

The above schedule of rates shall be applicable to the service as set forth based upon all regular meter readings taken on and after July 10, 1920.

Dated at San Francisco, California this 10 th day of <u>hujuat</u>, 1920.
