Decision No. 90 31

## BEFORE THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA

----

In the Matter of the Application of J. BOSHOFF, for Certificate of Public Convenience and Necessity to operate automobile passenger service between Santa Rosa and Jenner-by-the-Sea, California.

Application No. 5317

BY THE COMMISSION.

## SUPPLEMENTAL ORDER

J. Boshoff to whom was issued a certificate of public convenience and necessity to operate an automotive passenger stage service between Santa Rosa and Jenner-by-the-See, has petitioned the Railroad Commission for an order granting extension of the time to commence operations until June 15,1921.

It is alleged that the highway over which service is to be performed is not in a passable condition.

In Decision No. 8255, rendered October 16, 1920, the Commission granted permission to discontinue operation of the service until May 15, 1921, for the reason that the vacation period being over the traffic had ceased, and on account of the highway between Monte Rio and Santa Rosa having been torn up for repairs the reads were practically impassable, making operation dangerous. Good cause appearing and the Commission advised, believes this Supplemental Order should be, and the same is hereby, granted.

IT IS HEREBY ORDERED that an extension of time to June 15, 1921, for the operation of automotive passenger stage service by J. Boshoff be, and the same hereby is, granted.

Deted at San Francisco, Celifornia, this <u>124</u> day of June, 1921.

Commissioners.
