Laurence E. Miles herein applies for the renewal of
a Motor Carrier Transportation Agent's License.

A public hearing on this application was conducted
before Examiner Handford at Los Angeles, the matter was duly sub-
mitted and is now ready for decision.

Applicant held a Motor Carrier Transportation Agent's
License No. 21, for the year 1933, same having been issued by this
Commission in accordance with the provisions of Chapter 390, Stat-
utes of 1933.

Applicant proposes to establish his office and to
hereafter sell tickets at No. 6715 Pacific Boulevard, Huntington
Park, Los Angeles County.

From the record herein it appears that applicant in his endeavor to sell transcontinental tickets over line for which he acted as agent has furnished prospective patrons with information as to safety of travel and liability as to accident hazards, said information not always being correct and it is suggested that in future applicant give out to his prospective patrons only such information that is known to be correct and that will not influence patrons unduly as regards their selection of a proposed route.
