BY THE COMMISSION:

O P I N I O N

Nos. 3, 4 and 6 respectively. These rules provide (a) that when freight is delivered to carrier's depot, there loaded on carrier's equipment by the shipper or his agent and on arrival at destination unloaded from carrier's equipment by the consignee or his agent, the amount collected will be 40% of the existing class or commodity rates, subject to minimum rates therein set forth; (b) that freight subject to this rule will be transported only at carrier's convenience within 72 hours from receipt of shipment; and (c) that all charges be prepaid.

Thereafter respondent informed the Commission that it desired to withdraw the suspended schedules. Permission to do so was granted by the Commission and they were cancelled effective April 10, 1934. The cause for suspension has therefore been removed and
