Decision No. 27412.

BEFORE THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA.

In the Matter of the Application of
CENTRAL CALIFORNIA TRACTION COMPANY,
a corporation, to sell, and the
STOCKTON ELECTRIC RAILROAD COMPANY,
a corporation, to buy certain track-
age in the City of Stockton, together
with the necessary appurtenances.

Application No. 19624.

BY THE COMMISSION:

ORIGINAL

O R D E R

In this application the Central California Traction Company requests authority to sell and the Stockton Electric Railway Company authority to buy certain trackage in the City of Stockton.

The section of track involved is a double track street railway line with electrical overhead construction and trolley poles therefor, located on Weber Avenue between a point 65 feet east of the easterly property line of El Dorado Street extended, and the westerly property line of Sacramento Street extended, the approximate length being .634 miles.

It appears that this track was at one time used jointly by both companies, each applicant owning one-half, but with the abandonment of interurban passenger service by the Traction Company and the establishment of the freight terminal east of Wilson Way, use of this track by the Traction Company was no longer required.

The City of Stockton, through its City Attorney, has stated that it has no objection to the proposed sale and it

appearing that this is not a matter in which a public hearing is necessary

IT IS HEREBY ORDERED that Central California Traction Company is hereby authorized to sell and Stockton Electric Railway Company authorized to buy the above described section of street railway track in Weber Avenue in the City of Stockton, in accordance with the terms of the tentative agreement attached to the application and marked Exhibit "A". Within thirty (30) days from the completion of said sale, applicant shall file with the Commission a certified copy of the agreement as executed.

The effective date of this order shall be the date hereof.

Dated at San Francisco, California, this 29th day of ~~October~~ ^{September}, 1934.
