Application No. 19959

BY THE COMMISSION:

FIRST SUPPLEMENTAL ORDER

The Railroad Commission by its order in Decision No. 27968 dated May 20, 1935 authorized San Diego Consolidated Gas and Electric Company to execute, subject to the provisions of said order, a trust indenture substantially in the same form as the trust indenture filed in this proceeding on May 14, 1935, as amended. The company on May 22nd filed with the Commission a revised copy of its proposed trust indenture, and requested the Commission to determine whether the changes made in the instrument constitute a substantial deviation from the trust indenture filed on May 14th, as amended. A further amendment was filed on May 23rd. We have considered the company's revised trust indenture and believe that some of the changes made may not be authorized by the Commission's order of May 20, 1935 and that the company should be permitted to execute a trust indenture in substantially the same form as that filed on May 22nd, 1935, therefore

IT IS HEREBY ORDERED that line five of paragraph three of the order in Decision No. 27968 dated May 20, 1935 be amended by substituting, "on May 22, 1935, as amended," for "on May 14, 1935, as amended".

DATED at San Francisco, California, this 28<sup>th</sup> day of May, 1935.
