BEFORE THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA.

In the Matter of the Application of
SACRAMENTO NORTHERN RAILWAY, a cor-
poration, for permission to construct,
maintain and operate a spur track at
grade across 9th Avenue and the
Esplanade, public highways, in Chico-
Vecino, County of Butte, State of
California.

Application No. 20105.

ORIGINAL

BY THE COMMISSION:

O R D E R

Sacramento Northern Railway, a corporation, on August 14, 1935, applied for authority to construct a spur track at grade across the intersection of 9th Avenue and The Esplanade, in the vicinity of Chico, County of Butte, State of California. The necessary franchise or permit has been granted by the Board of Supervisors of said County for the construction of said crossing at grade.

It appearing that a public hearing is not necessary herein; that it is neither reasonable nor practicable at this time to provide a grade separation or to avoid a grade crossing at the point mentioned and that the application should be granted,

IT IS HEREBY ORDERED that Sacramento Northern Railway is hereby authorized to construct a spur track at grade across the intersection of 9th Avenue and The Esplanade, in the vicinity of Chico, County of Butte, State of California, at the location more particularly described in the application and as shown by the maps attached thereto, subject to the following conditions:

- (1) The above crossing shall be identified as a portion of Crossing No. 8-185.6.
- (2) The entire expense of constructing and thereafter maintaining the crossing in good and first-class condition for safe and convenient use of the public, shall be borne by applicant.
- (3) Said crossing shall be constructed equal or superior to the type shown as Standard No. 2, in our General Order No. 72, and shall be constructed without superelevation and of a width to conform to those portions of said roads now graded, with the tops of rails flush with the pavement and with grades of approach not exceeding one (1) per cent. Traffic on The Esplanade shall be protected by a Standard No. 1 Crossing Sign, or an additional Standard No. 2 Crossing Sign, as specified in our General Order No. 75-A.
- (4) Applicant shall, within thirty (30) days thereafter, notify this Commission, in writing, of the completion of the installation of said crossing and of its compliance with the conditions hereof.
- (5) The authorization herein granted shall lapse and become void if not exercised within one (1) year from the date hereof, unless further time is granted by subsequent order.
- (6) The Commission reserves the right to make such further orders, relative to the location, construction, operation, maintenance and protection of said crossing, as to it may seem right and proper and to revoke its permission if, in its judgment, public convenience and necessity demand such action.

The authority herein granted shall become effective on the date hereof.

Dated at San Francisco, California, this 26th day of August, 1935.
