Application No. 20221.

ORIGINAL

BY THE COMMISSION:

O P I N I O N

Applicant alleges that it is now and since the year 1899 it or its predecessors have been furnishing electric energy to the inhabitants of the City of Suisun City under and pursuant to the franchise granted by the provisions of Section 19 of Article XI of the Constitution of the State of California as it existed prior to the amendment adopted October 10, 1911, and the franchise granted to applicant's predecessor (Leonard Prior) by Ordinance No. 110 of the Board of Trustees of the Town of Suisun City, effective January 3, 1905. Said last mentioned franchise expired on the 3rd day of January, 1930.

Applicant further alleges that the present and future public convenience and necessity require and will require that it exercise the right, privilege and franchise granted to it by the

aforesaid Ordinance No. 199, in order that applicant may continue to furnish and supply electric energy to said city and the inhabitants thereof for all lawful purposes.

Applicant further alleges that no person, firm or public or private corporation, other than applicant, is now engaged in the public utility business of furnishing, distributing or selling electric energy for light, heat, power or other purposes to said City of Suisun City or to the inhabitants thereof.

Applicant has stipulated to the effect that it, its successors or assigns will never claim before the Railroad Commission of the State of California, or before any court or other public body, any value for the aforesaid franchise in excess of the actual cost thereof, which cost is \$104.50.

After careful consideration, it is the opinion of the Commission that this application should be granted and that a public hearing in the matter is not necessary.
