Application No. 20602.

BY THE COMMISSION:

OPINION AND ORDER

Southern California Telephone Company, a corporation, in this application requests permission to change certain of its filed tariffs.

The application relates that in connection with recent reductions in exchange service rates authorized by the Commission certain schedules showed certain unintended reductions due to errors in printing.   In these schedules, identified as Sheets C.R.C. Nos. 22288-T, 22289-T, 22354-T, 22355-T, 22356-T, 22357-T, 22358-T and 22360-T, filed with the Commission there appears this rate:

> "Not on same premises as switching
> equipment and not more than 300
> feet, circuit measurement, from
> switching equipment, above rates
> plus $0.50."

Applicant desires to restore the rate superseded by the above rate, which was as follows:

> "Not on same premises as switching
> equipment and not more than 300
> feet, circuit measurement, from
> switching equipment, above rates
> plus $0.75."

The Commission has considered this application and is of the opinion that the request should be granted and that this is a matter in which a public hearing is not required, therefore,

-1-

IT IS HEREBY ORDERED that Southern California Telephone Company is authorized to:

(1) Change the rates set forth on the C.R.C. Sheets referred to above on or before September 1, 1936.

(2) Submit to the Railroad Commission for filing in accordance with General Order No. 68, the rate referred to in the opinion, on or before the Fifth day immediately preceding the date upon which said rate is to be made effective.

For all other purposes the effective date of this Order shall be twenty (20) days from and after the date hereof.

Dated at San Francisco, California, this ___22nd___ day of __June__.

Commissioners.
