

Decision No. 29013

BEFORE THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of
The Western Pacific Railroad Company
for authority to substitute the form
of crossing protection at Grade Cross-
ing No. 4-75.5 in the County of San
Joaquin, State of California.

Supplemental
Application No. 20162

ORIGINAL

BY THE COMMISSION:

SUPPLEMENTAL ORDER

The Western Pacific Railroad Company has filed a supplemental application in the above entitled proceeding requesting authority to install a type of signal not in conformity with the provisions of the Commission's General Order No. 75-A at Crossing No. 4-75.5 of Westside Highway with its tracks in the vicinity of Rhodes Station, San Joaquin County. Said signal is of a type approved by the United States Bureau of Public Roads and is being installed with funds made available for crossing protection by the Federal Government.

It appearing that this is a matter in which a public hearing is not necessary and that the authority requested should be granted,

IT IS HEREBY ORDERED that The Western Pacific Railroad Company is hereby authorized to install two flashing light signals of the type commonly known as A.R.A. Standard at Crossing No. 4-75.5, San Joaquin County.

The effective date of this order shall be the date hereof.

Dated at San Francisco, California, this 2nd day
of July, 1936.
