ORIGINAL

Application No. 20607

James G. Marshall, Attorney, for Applicant.
Harold P. Euls, City Attorney, for the
City of Pasadena.

BY THE COMMISSION:

O P I N I O N

In this application Southern California Telephone Company requests the Railroad Commission to make an order granting it a certificate that public convenience and necessity require the exercise by it of the rights and privileges conferred upon it under the franchise granted by the City of Pasadena by Ordinance No. 3288 on the 23rd day of April, 1936.

A hearing was held in this matter before Examiner Fry in San Francisco on August 3, 1936, and the matter was submitted for decision.

Applicant is now and for many years has been engaged in a general telephone and telegraph business in the City of Pasadena and elsewhere in Southern California. Mr. James G. Marshall, Attorney for Southern California Telephone Company, stated that

the acquisition of this certificate would result in no change in the rates or service of applicant in the City of Pasadena. It was stated that the cost to applicant of this franchise is \$100, plus the \$50 State fee, in all amounting to \$150.

No objection was made to the granting of applicant's request, which appears to be in the interest of the public.
