ORIGINAL

BY THE COMMISSION:

FIFTEENTH SUPPLEMENTAL ORDER

By supplemental application filed July 27, 1936, the carriers listed in the Commission's Decision No. 27889 and in the several supplemental orders in the above entitled proceeding, seek an order under Section 15 of the Public Utilities Act authorizing them to publish upon one day's notice certain changes in the Tariff of Emergency Charges No. 237-A, C.R.C. No. 576 of L. F. Potter, Alternate Agent.

The changes sought to be made were published on interstate traffic effective July 20, 1936 (except as otherwise provided) under and pursuant to special permission of the Interstate Commerce Commission No. 154402 of July 7, 1936. No increase is involved in so far as charges on California intrastate traffic are concerned. The proposed publication will correct a clerical error which provided an unintentional increase in charges.

Upon further consideration of the record and of the

supplemental application filed July 27, 1936, and in view of the decision of the Interstate Commerce Commission by its special permission No. 154408 of July 7, 1936, we are of the opinion that this is a matter in which a public hearing is not necessary and that the relief sought should be granted, subject to the conditions and exceptions set forth in the original order in the above numbered application as modified herein or by prior supplemental orders; and good cause appearing therefor,

IT IS HEREBY ORDERED that the supplemental application filed July 27, 1936 in the above entitled proceeding be and it is hereby granted, subject to the conditions in the original and prior supplemental orders, and only for the period ending December 31, 1936.

This order shall become effective on the date hereof.

September, 1936.
