Application No. 20828

BY THE COMMISSION

**ORIGINAL**O P I N I O N

By this application R. D. Dorris operating under the name and style of Dorris Stage and Freight Line requests authority to suspend his automotive service for the transportation of passengers and property as a common carrier, between Nevada City and Forest and intermediate points, until July 1, 1937.

Applicant states, in justification of his request, that the condition of the road on this route together with the fact that one bridge is "out" and another not capable of carrying a load preclude the possibility of continuing to render service with any degree of safety.

This appears to be a matter in which a public hearing is not necessary. The application will be granted.
