O P I N I O N

Richard C. Grubbs, operating under the fictitious name and style of Oroville-Woodleaf Stage, herein seeks authority to discontinue and abandon his certificated common carrier operating right for the transportation of passengers as authorized and acquired between Oroville and Woodleaf and intermediate points by Decision 27400, dated September 29, 1934 on Application 19579.

Applicant alleges, and the allegation is borne out by his Annual Report for the year 1936, filed with the Commission, that no passengers have presented themselves for transportation over this line and therefore no necessity exists for the retention of this operating right. The freight right of operator will be retained.

This appears to be a matter in which a public hearing is not necessary. The application will be granted in so far as it refers to the transportation of passengers.
