Appl. No.  
20929

BY THE COMMISSION:

FIRST SUPPLEMENTAL ORDER

Decision No. 29757 (May 10, 1937) authorized The Atchison,  
Topeka and Santa Fe Railway Company to dispense with the services of  
a caretaker at the stations of Goffs, Bagdad and Newberry and in lieu  
thereof establish company telephones at said stations. Applicant has  
requested that it be relieved of maintaining telephones. It appears  
that the request with respect to Goffs and Bagdad is reasonable. At  
Newberry, however, it appears that either a caretaker or a telephone  
should be maintained.

Good Cause Appearing, it is ordered that Condition (3) of  
Decision No. 29757 be amended to read as follows:

- (3) Provision shall be made by applicant for the  
use by prospective patrons, for railroad  
business, of a company telephone, which shall  
be maintained at Newberry station under lock,  
the key to which shall likewise be placed in  
the hands of a responsible party at or near  
said station.

In all other respects Decision No. 29757 shall remain in force.

Dated, San Francisco, California, August 28, 1937.
