Decision No. 30163

BEFORE THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of ASSOCIATED TELEPHONE COMPANY, LTD., a corporation, for an Order authorizing it to issue and sell common and preferred stock.

Application No. 21421

C. F. Meson and Frnest Irwin, for applicant. Stanley M. Lenham, assistant chief engineer and George L. Metcalf, assistant engineer, for the Board of Public Utilities and Transportation of the City of Los Angeles, interested party.

## BY THE COMMISSION:

## OPINION

In this proceeding Associated Telephone Company, Ltd. asks permission to issue and sell at \$25.00 per share, 36,515 shares of its no par value common stock and at not less than \$23.00 per share, 36,688 shares of its no par value cumulative preferred stock, \$1.25 series, and use such stock or the proceeds realized from the sale thereof to pay indebtedness due the General Telephone Corporation and to reimburse its treasury because of income expended for additions and betterments.

Associated Telephone Company, Ltd. owns and operates telephone properties in various cities and towns and communities in Los Angeles, Orange and San Bernardino Counties. The number of company owned telephones as of August 31, 1937 is reported at 92,882.

In Exhibit B filed in this proceeding applicant reports its assets and liabilities as of June 30, 1937 as follows:-

It will be observed that in the foregoing balance sheet, applicant shows notes payable of Q850,000. This sum is due the General Telephone Corporation, who owns 112,511 shares of applicant's outstanding common stock. It is of record that applicant because of the delay in the issue of its stock will find it necessary to borrow additional sums from the Ceneral Telephone Corporation for the purpose of carrying forward its construction program. It is estimated that by the end of October applicant will be indebted to the Ceneral Telephone Corporation in the sum of \$1,250,000. In Exhibit 2 applicant estimates 1937 operating revenues, which estimate includes actual revenues to May 31, 1937, at \$3,560,343.90. operating expenses including depreciation and taxes are estimated at \$2,639,934.05 leaving a net operating income of \$920,409.85. After paying interest and other fixed charges applicant reports for 1937 an estimated net income of \$523,961.61, which sum represents the amount available for the payment of dividends on applicant's preferred and common stocks or for additions to surplus.

In Exhibit 3 applicant reports the cost of gross additions to its properties during 1937 at \$3,016,764.00. Its net cash requirement after taking into account depreciation reserve moneys and other income available for construction purposes, are for 1937 reported at \$1,651,699. and for 1938 at \$1,597,423. Some of the money needed for construction has been obtained through loans from the General Telephone Corporation. The common stock which applicant desires to issue will be issued to the General Telephone Corporation, while the preferred stock will be sold to the general public and part of the proceeds used to pay debts due that company. intention of applicant to file with the Securities and Exchange Commission during the latter part of October or during November a registration statement covering the issue of both its common and preferred stocks. Because of the time intervening between the date of this decision and the effective date of applicant's registration statement, we feel that we should delay fixing the price at which

applicant may sell its stock. There is no question in our mind, however, but that applicant has need for the funds which it will obtain from the issue and sale of both the common and the preferred stock which are the subject matter of this application. The order will authorize the issue of such stock subject to the condition that said stock may not be sold or distributed until the Commission by supplemental order has fixed the price at which said stock may be sold.

The Associated Telephone Company, Ltd. having asked permission to issue 36,515 shares of no par value of its common stock and 36,688 shares of its no par value (1.25 series of preferred stock, a public hearing having been held before Examiner Fankhauser, and the Commission having considered the evidence submitted at such hearing and it being of the opinion that the money, property or labor to be procured or paid for by Associated Telephone Company, Ltd. through the issue of said 36,515 shares of common stock and said 36,688 shares of preferred stock, is reasonably required by applicant for the purposes herein stated and that the expenditures for such purposes are not in whole or in part reasonably chargeable to operating expenses or to income, therefore,

and prior to February 1, 1938 Associated Telephone Company, Ltd.
may issue for the purpose of paying indebtedness, or reimbursing its
treasury because of income expended for additions and betterments,
or for the purpose of finencing additions and betterments to its
properties, referred to in Exhibit 1, Exhibit 3 and Exhibit 4,
36,515 shares of its no par value common capital stock and 36,688
shares of its no par value \$1.25 series, preferred stock.

IT IS HEREBY FURTHER ORDERED that the authority herein granted will become effective when the Commission has fixed the price at which

the aforesaid stock may be sold by applicant.

Pany, Ltd. shall keep such record of the stock herein authorized to be issued, and of the disposition of the proceeds as will enable it to file on or before the 25th day of each month a verified report, as required by the Railroad Commission's Ceneral Order No. 24-A, which order insofar as applicable, is made a part of this order.

DATED at San Francisco, California, this 27 day of September, 1937.

Commissioners.
