Supplemental
Application No. 19062

ORIGINAL

BY THE COMMISSION:

SIXTH SUPPLEMENTAL
OPINION AND ORDER

Pacific Motor Trucking Company by supplemental application seeks authority to establish a pickup and delivery service of property in the custody of Southern Pacific Company and Pacific Motor Transport Company for Southern Pacific Company's station at Ivanhoe, Tulare County, California, for the reason that no local drayman is available at such station and unless the applicant is authorized to furnish such service there would be no means of performing a pickup and delivery service at such station as provided for in the tariffs of the carriers.

Applicant by virtue of Decision No. 27235 herein, dated July 30, 1934, has been heretofore authorized to operate a motor truck service between the railroad stations of Southern Pacific Company over and along the route designated "Route No. 3 - Fresno Area" one of which stations is Ivanhoe for the transportation of property which may have been previously consigned for transportation over the lines of said Southern Pacific Company.

This appears to be a matter in which a public hearing is not necessary, and

Good cause appearing,

IT IS ORDERED that Decision No. 27235 herein, dated July 30, 1934, is amended to authorize Pacific Motor Trucking Company to perform a pickup and delivery service at Ivanhoe, California, for property which may have been previously consigned for transportation over the lines of Southern Pacific Company, provided that no pickup and delivery service may be given at a distance greater than one mile from said Southern Pacific Company's station at Ivanhoe, California.

IT IS FURTHER ORDERED that said Decision No. 27235 in all other respects shall remain unchanged and in full force and effect.

The effective date of this order shall be the date hereof.

Dated at San Francisco, California, this 14th day of March, 1938.
