

Decision No. 30752

BEFORE THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of)
YOSEMITE PARK AND CURRY CO.) Application No. 21862
to suspend freight and express service.)

BY THE COMMISSION:

O P I N I O N

ORIGINAL

By this application Yosemite Park and Curry Co., a corporation, seeks authority to temporarily suspend freight and express service, with the exception of the transportation of newspapers, between Merced and Briceburg.

Applicant alleges as justification for the proposed suspension of service that no freight or express has been tendered to applicant under any of its tariffs for many years past and applicant submits that there is no present demand for such freight or express service, except for the transportation of newspapers.

The operative rights of applicant authorizing it to transport freight and express were created by Decision No. 16070, dated March 3, 1926, in Application No. 12556; by Decision No. 15986, dated February 11, 1926, in Application No. 12349, and by Decision No. 16256, dated March 19, 1926, in Application No. 12604.

This appears to be a matter in which a public hearing is not necessary; the application will be granted.
