O P I N I O N

By this application Natalie Bacci, operating under the name and style of Cloverdale-Geysers Stage Line, seeks authority to temporarily suspend his automotive service for the transportation of passengers as a common carrier between Cloverdale and The Geysers and intermediate points as authorized by Decision No. 9597, dated October 6, 1921, on Application No. 7223.

Applicant seeks further authority for modification of his operating right for the transportation of property to limit shipments to not more than one hundred (100) pounds in weight.

Applicant alleges as justification for the authority sought herein that the hotel at The Geysers was destroyed by fire and, consequently, passenger service to that resort is not required.

In view of the foregoing circumstances this appears to be a matter in which a public hearing is not necessary. The application will be granted ex parte.
