certain spur track in the Town of Lakeside, )  
County of San Diego, State of California. )

BY THE COMMISSION:

**ORIGINAL**

O R D E R

In this application San Diego & Arizona Eastern Railway Company seeks authority to remove a spur track 211.5 feet in length located on private property in the Town of Lakeside, County of San Diego, at Mile Post 23.5.

In the application it is alleged that a spur track was constructed in 1917 to serve the Lakeside Lumber Company, that the lumber yard has discontinued operation, that this spur track now serves no useful or beneficial purpose, and that there has not been a freight delivery on this spur track for nine years.

It appears that this is not a matter in which a public hearing is necessary and that the application should be granted, therefore,

IT IS HEREBY ORDERED that San Diego and Arizona Eastern Railway Company is hereby authorized to discontinue service and remove spur track located at mile post 23.5 on its Lakeside Branch, as further described above.

Within thirty days after abandonment and removal, applicant shall so advise the Commission in writing. This authorization shall become void if not exercised within one year, unless time be extended.

Dated, San Francisco, California, June 27th, 1938.
