

Decision No. 31371

BEFORE THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application
of PACIFIC GREYHOUND LINES to
establish a rerouting of its
service between Lodi Airport and
Galt, and to abandon its route
between Lodi Airport and Forest
Lake, California.

Application No. 16989

ORIGINAL

BY THE COMMISSION:

SUPPLEMENTAL OPINION

By this supplemental application Pacific Greyhound Lines seeks authority to reroute its service via the new state highway being completed between Lodi Airport and Galt in lieu of the old highway between Lodi Airport and Forest Lake as heretofore set for in paragraph #29, Decision No. 23244, dated December 31, 1930 on Application No. 16989, covering its operations between Sacramento and Stockton and a re-defining of said route.

In justification of the authority herein sought applicant alleges that the State Highway Department is rerouting state route No. 4 (U.S. 99) between Lodi Airport and Galt eliminating the narrow bridge over Dry Creek, south of Galt and providing thereby a more direct route of operation. It further alleges that there are no intermediate points on the route now operated between Lodi Airport and Forest Lake which will be abandoned under the proposed rerouting.

This appears to be a matter in which a public hearing is not necessary. The application will be granted.
