BY THE COMMISSION:

SUPPLEMENTAL OPINION AND ORDER

On June 28, 1938, applicant Carl C. Allen filed an application requesting a certificate for the transportation of passengers between Sanger and Parlier and intermediate points. A hearing thereon was held subsequent to which the Commission issued its Decision No. 31342, dated October 10, 1938, granting a certificate to applicant for the transportation of passengers only between Sanger and Parlier and intermediate points.

Under date of October 24, 1938, applicant informed the Commission, in writing, that he had inadvertently omitted the word "baggage" from the title of his application as well as the context of such application, although he had set forth the rules and rates governing the transportation of excess baggage, and requests a modification of Decision No. 31342 to permit the transportation thereof.

Therefore, good cause appearing,

IT IS ORDERED that the declaration of the order in Decision No. 31342 is hereby amended to read as follows:

THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA HEREBY DECLARES that public convenience and necessity require the establishment and operation by C. C. Allen, doing business as Anchor Stage Line, of an automotive service as a passenger stage corporation as defined in section 22 of the Public Utilities Act for the transportation of passengers and baggage for compensation between Sanger and Parlier and intermediate points, as an extension and enlargement of the prescriptive operative right now held by applicant, over the following routes:

IT IS FURTHER ORDERED that Decision No. 31342 shall in all other respects remain unchanged and in full force and effect. The effective date of this order shall be the date hereof.
