BY THE COMMISSION:

SECOND ORDER AUTHORIZING AMENDMENT OF PETITION

On January 30, 1939, by Decision No. 31693, the Commission authorized the amendment of the petition in the above proceeding. On February 4, 1939 petitioner filed a second application for leave to amend the petition. The record shows that on the same date the second application to amend was personally served upon counsel for each of the owners and claimants named in the original petition and in the order to show cause issued on June 20, 1938.

At the hearing of February 15, 1939 counsel for petitioner moved that further amendment of the petition be authorized. Counsel for the owners and claimants objected upon the grounds stated in the return to the order to show cause and during the argument thereon.

The Commission having considered the application and the motion,
and good cause appearing,

IT IS ORDERED that Sacramento Municipal Utility District be
and it is hereby authorized to amend Application No. 21960 (as
heretofore amended by the authority granted in Decision No. 31693),

the extent specified and requested in said second application for

an electric system and works for the distribution of electric
energy.

Said resolution did direct the bringing of appropriate
eminent domain proceedings and specifically directed the filing

II.

On the 21st day of May, 1938, said District did,

12 of petition to be filed before the Railroad Commission, and

23 On the 30th day of January, 1939, said Commission did,
24 by its decision No. 31693, authorize said amendments and did
25 amend in each and all of the respects prayed for in said
26 application.

28 On the 2nd day of February, 1939, the Board of
29 Directors of said District did, at a meeting of said Board, by

5 No. 31693 of said Railroad Commission.
