Application No. 9466

ORIGINAL

BY THE COMMISSION:

SEVENTH SUPPLEMENTAL ORDER

Southern California Edison Company Ltd. (formerly Southern California Edison Company) having asked permission to execute, for the purpose of further protecting the interests of the holders of its bonds issued or to be issued, under the trust indenture of October 1, 1923, as amended, a fifth supplemental indenture in substantially the same form as the indenture filed in this proceeding on August 14, 1939, and the Commission having considered applicant's request and such indenture, and it being of the opinion that said fifth supplemental indenture is in satisfactory form and that its execution should be authorized, therefore,

IT IS HEREBY ORDERED, that Southern California Edison Company Ltd. be, and it is hereby, authorized to execute and deliver on or before November 1, 1939, a fifth supplemental indenture, substantially in the same form as that filed in this proceeding on August 14, 1939, provided that the authority herein granted is for the purpose of

this proceeding only and is granted only insofar as this Commission has jurisdiction under the terms of the Public Utilities Act to authorize applicant to execute and deliver said fifth supplemental indenture, and is not intended as an approval of said fifth supplemental indenture as to such other legal requirements to which said fifth supplemental indenture may be subject.

IT IS HEREBY FURTHER ORDERED, that within thirty (30) days after the execution and delivery of said fifth supplemental indenture, Southern California Edison Company Ltd. shall file with the Railroad Commission two (2) certified copies of said fifth supplemental indenture.

DATED at San Francisco, California this 15th day of August, 1939.
