jointly operated motor coach lines.)

BY THE COMMISSION:

FIFTEENTH SUPPLEMENTAL ORDER

In Decision No. 31260, dated September 12, 1938, on the Thirteenth Supplemental Application in the above-entitled proceeding, the Commission authorized applicants to suspend operations for a period of one year over portions of the route of their Hollywood-Long Beach-San Pedro Motor Coach Line, as follows:

- "(1) To suspend operations over that portion of the route (Decision No. 26930, dated April 9th, 1934, on Third Supplemental Application No. 18820), along Santa Barbara Avenue, Main Street, 120th Street, Broadway and Main Street, between the intersection of Santa Barbara Avenue and Western Avenue and the intersection of Main Street and Carson Street.
- (2) To suspend operations over that portion of the route along "B" Street, Wilmington and San Pedro Road, Pacific Avenue and Fifth Street, between the intersection of "B" Street and Wilmington Road and the intersection of Fifth Street and Front Street, San Pedro."

"The suspensions of service herein authorized shall be for a period of one year from the date hereof and applicants shall elect during said period to either restore said service on or before the expiration of said period, or to relinquish their operating right."

Applicants, on August 5, 1939, filed their Fifteenth Supplemental Application requesting a further extension of this suspension for an additional period of one year.

After giving consideration to this request, the Commission is of the opinion that it is not in the public interest to permit applicants to retain from year to year operating rights which they

do not exercise. The application should be denied and the certificate of applicants for said operations revoked; therefore

IT IS HEREBY ORDERED that Fifteenth Supplemental Application of Pacific Electric Railway Company and Los Angeles Railway Corporation in the above-entitled proceeding requesting an extension of time of one year from September 12, 1939, to suspend operations over portions of their Hollywood-Long Beach-San Pedro line described above is hereby denied and the certificate for said operations, being a portion of the rights authorized in Decision No. 26930 in this application, is revoked.

This Order shall be effective immediately.

Dated at San Francisco, California, this 24th day of October, 1939.
