railroad between Napa and Calistoga,)
Napa County, California)

ORIGINAL
Application No. 21745

FIRST SUPPLEMENTAL ORDER

San Francisco and Napa Valley Railroad, applicant in the above-entitled proceeding, has filed a supplemental application requesting authority to abandon portions of its former main line and yard tracks in the City of Napa. Applicant states that no public service has been rendered over these tracks since September 30, 1937, that portions of the tracks are in a state of disrepair and should be removed, and that the continued maintenance of these tracks interferes with street improvements desired by the City of Napa.

Good Cause Appearing, IT IS HEREBY ORDERED that San Francisco and Napa Valley Railroad be authorized to abandon portions of its former main line and yard tracks in the City of Napa as described in the supplemental application filed February 6, 1940.

The effective date of this order shall be the date hereof.

Dated at San Francisco, California, this 22nd day of February, 1940.
