

Decision No. 33180

BEFORE THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of
 THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY
 a corporation, for an order permitting
 temporary waiver of certain charges for
 changing the type of telephone sets con-
 nected to and served by its exchange at
 Tres Pinos, California.

Application No. 23708

BY THE COMMISSION:

ORIGINAL

O P I N I O N

The Pacific Telephone and Telegraph Company, which operates a general telephone business in California and certain other states, herein requests authority to waive certain charges for changing from one type of telephone set to another in its Tres Pinos, San Benito County, exchange for a certain designated period of time.

Applicant is preparing to convert its Tres Pinos exchange from magneto to common battery dial operation. It is proposed to replace, when requested, its magneto wall or desk set telephones with hand sets and its wall sets with desk sets, without the application of the "Change Charge," provided this work is performed at the time of dial telephone installation.

We are of the opinion that the request of Applicant is reasonable, is in the public interest and should be granted.

O R D E R

The Pacific Telephone and Telegraph Company having made application to the Railroad Commission for authority to waive certain change of instrument charges under certain designated conditions, and it appearing that this is not a matter in which a public hearing is required,

THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA
hereby finds as a fact that the waiving of the charges described
in the preceding Opinion is justified, therefore

IT IS HEREBY ORDERED that The Pacific Telephone and
Telegraph Company may make effective on October 15, 1940, a re-
vised Move and Change Charges Schedule which eliminates the
charge for changing from wall or desk telephone to hand set
telephone, and from wall set telephone to desk set telephone,
in its Tres Pinos exchange, provided said schedule is filed with
the Railroad Commission before October 15, 1940.

IT IS HEREBY FURTHER ORDERED that The Pacific Telephone
and Telegraph Company may make effective on November 13, 1940, a
revised Move and Change Charges Schedule for its Tres Pinos ex-
change, restoring the charges eliminated in accordance with the
preceding section of this Order, provided said revised schedule
is filed with the Railroad Commission on or before November 10,
1940.

Dated at San Francisco, California, this 8th
day of October, 1940.
